

LJUBLJANA MBA

Career report

2024

SEB

UNIVERSITY OF LJUBLJANA
School of Economics and Business

KEY HIGHLIGHTS FROM THE SURVEY FINDINGS

The following highlights are drawn from comprehensive feedback provided by alumni through detailed surveys. These insights reflect the program's impact on career growth, leadership development, networking opportunities, and personal transformation. They offer a snapshot of the diverse experiences and benefits that alumni have gained during and after their MBA journey.

Career growth and personal development

The program boosts career prospects, personal growth, and character, enhancing mental capacity, emotional intelligence, and global business insight.

Networking and relationship building

Strong emphasis on networking, fostering valuable professional and personal connections across industries and cultures.

High-quality curriculum and faculty

Combines theoretical knowledge with real-world applications through case studies and projects. Faculty praised for their business expertise and engaging teaching methods.

Global recognition and practical impact

The MBA's Triple Crown accreditation adds value. Practical learning approach sharpens problem-solving and decision-making skills.

Flexibility and adaptability

Designed for working professionals, offering flexible schedules, part-time study options, and weekend classes to balance career and education.

Value for money and return on investment

A cost-effective program with strong career benefits and high return on investment.

Diverse and inclusive environment

Internationally diverse cohorts encourage collaboration, cultural exchange, and teamwork.

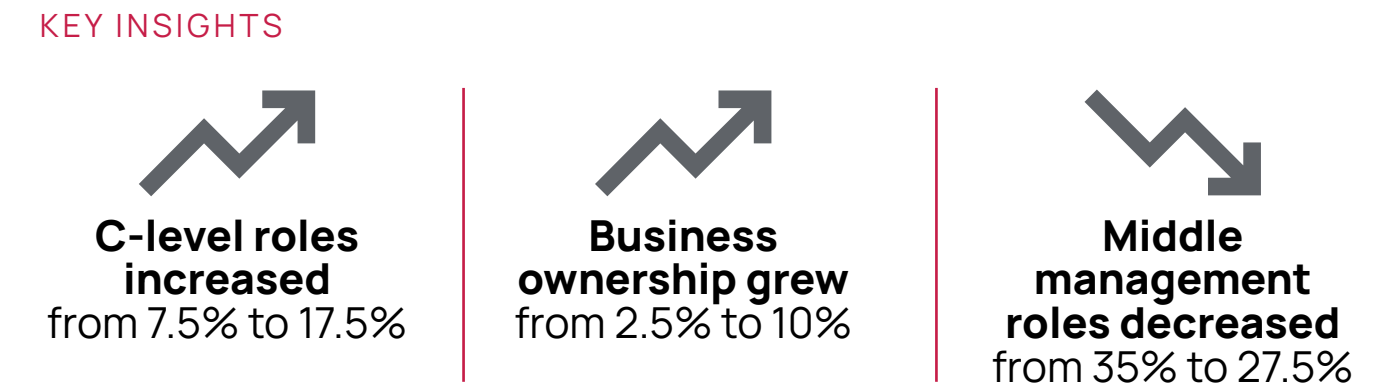

Impactful learning experiences

Dynamic mix of lectures, case studies, and real-world applications, making the MBA an eye-opening, lifelong learning experience.

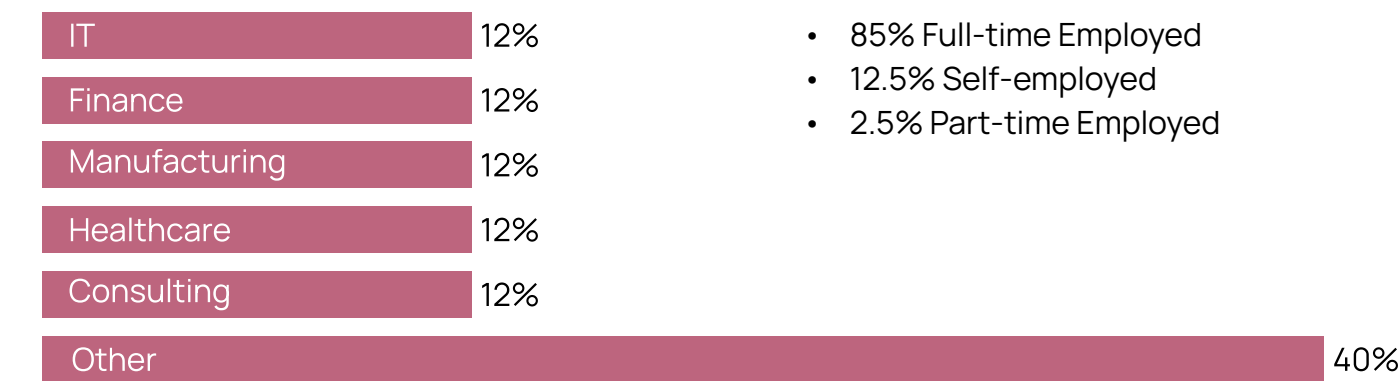

CAREER PROGRESSION

JOB COMPARISON: BEFORE VS. AFTER MBA

	Before MBA (Upon entering program)	After MBA (Current Position)
Business Owner	2.5%	10%
President/CEO/C-level	7.5%	17.5%
Board Member	5%	5%
Senior Management	22.5%	30%
Middle Management	35%	27.5%

INDUSTRY DISTRIBUTION

EMPLOYMENT STATUS

- 85% Full-time Employed
- 12.5% Self-employed
- 2.5% Part-time Employed

LJUBLJANA MBA significantly accelerates leadership growth among alumni. As evidenced by the data, many graduates transition from mid-level management roles to senior executive positions, such as Vice President, C-Suite, and Board Member roles. The shift highlights not only the advancement in job titles but also an increase in strategic responsibilities, larger team oversight, and greater influence in decision-making processes. This progression reflects the leadership development, strategic thinking, and global perspective cultivated during the MBA journey

SKILLS DEVELOPMENT AND IMPACT

SALARY GROWTH

The LJUBLJANA MBA has proven to be a powerful catalyst for career advancement and financial growth. According to 2024 survey:

70%

of alumni received **promotions or salary increases** after completing the program.

35%

of graduates experienced a **salary increase of 30% or more.**

15%

15% saw **increases between 20–29%**, and another **15% between 10–19%.**

Even during their MBA, some students reported receiving **early promotions and salary boosts.**

The top-rated **SKILL IMPROVEMENTS** (on a 5-point scale) are as follows:

- Confidence in business decisions
- Preparedness for teamwork
- Organizational effectiveness
- Decision-making beyond organization
- Project implementation efficiency
- Adaptability to Competitive environments
- Asset to business community

TESTIMONIALS

“ My MBA has been instrumental in navigating the fast-paced tech environment. It taught me to set clear priorities, manage my team effectively, and build a strong foundation in business and finance. Beyond these skills, the most valuable aspect was the network I built—I can still turn to my classmates for advice or a chat, which is invaluable in such a dynamic industry.

Mateja Lampe Rupnik
CEO, Red Pitaya

Excellent professors, diverse peers, and a professional organization made the MBA an invaluable experience. Working in R&D for a global automotive group, I now have a **clearer understanding of the responsibilities and challenges within different organizational units.** This has improved my ability to communicate across departments and negotiate more effectively for my team.

Bernhard Lamprecht
Senior Software Engineer, Magna Auteca

GLOBALLY RECOGNIZED. DESIGNED FOR LIFE.
